

# Guide to correct sorting out and disposal of household waste, and collection calendar in 2016

## Keyword for reduction of garbage (3R)

Let's achieve 3R for a sound material-cycle society

1. Reduce
2. Reuse
3. Recycle

● If you renew your home appliance, you can ask to dispose it to the store where you purchase it. When the product is of no use to you and you remember the shop you purchased it, you can ask the shop to dispose it. (Please ask the charge to the shop)

If you don't remember the shop you purchased the product, bring it to the designated companies by yourself. You should pay the recycling fees at the post office in advance

● If you can't bring it to the pickup station of designated companies, you may ask the collecting and shipping company to do it. In this case, you must pay collection, shipping and recycling charge. As to the collecting and shipping company, please contact the town hall Kankyo-ka

## Items not to be collected by the town (1)

The town is not allowed to collect and dispose of the air conditioner, TV (Tube, Plasma & LCD), the fridge (the freezer), washing and drying machine by the home appliance recycling law.

## Items not to be collected by the town (2)

The town does not collect the following items. Please request the store where you purchased them or waste collection/shipping companies to pick up.

Personal Computer, tires, batteries of car & motorcycle, gas cylinders, motorcycle, concrete·brick blocks, fire extinguisher, stones·earth-sand·ashes, mats, bottles·cans (residuum in it) of agrochemical or specialty chemicals, fuels, oil·wax (residuum in it), medical waste (please ask medical institutions for disposal of it.)

## Items not to be collected by the town (3)

All the dumping of waste by business activities (offices, stores, factories, and so on) are not collected by the town.

### Bags that can be used

Transparent bags	Translucent bags (only for burnable)	Plastic shopping bags (transparent or translucent)

### Bags that cannot be used

Black or colored garbage bags, corrugated cardboard, paper bags cannot be used

## Directions (matters to be attended to)

- Please take the domestic garbage to the specified station by **8 a.m.** at the designated date.
- If you renew your bulky home appliance or furniture, please ask retail store to pick up your used one
- **Please dispose only one bulky garbage per one household every fortnight.**
- **Do not allow to dispose of a lot of garbage** in case of such as moving out. Please inquire of the Kankyo-ka in advance.
- Please keep the station clean and tidy.

Let's **keep correct sorting out-collection** and do your best to **reduce garbage**

## Recycling Charges

unit : Yen

Air conditioner	TV	Fridge (Freezer)	Washing machine	Clothes dryer
